Challenges and Priorities of Film Sector in Thailand
Tuesday 28 January 2020 at 08.30-16.30
UNESCO Bangkok

UNESCO Bangkok invites film professionals (director, producer, production manager, location manager, casting crew, cinematographer, actor, film academic, distributor, screening-room owner, association/union, etc.) to a consultation workshop.

This is the first event organized under UNESCO’s new project “Mobilizing film professionals for regional cooperation in Asia” financed by the Government of Japan and implemented in Indonesia, Thailand and Viet Nam.

Improved legal and institutional support system is key to a more dynamic Thai film sector. The project aims to enhance skills, knowledge and collaboration among film professionals and policy makers in Thailand and across ASEAN.

In particular, Thailand will focus on the professionalization of the sector through practical trainings, information sharing, networking and knowledge management.

The workshop will:
- Launch the project and host dialogue with non-governmental actors
- Discuss challenges that film professionals face
- Identify priorities and actions for future capacity-building and networking activities.

Please send your expression of interest, portfolio and any other inquiry to Ms. Kamonrat Mali Chayamarit, Culture Officer, UNESCO Bangkok k.chayamarit@unesco.org before 20 January 2020.
