

# Issues and challenges in responding to UIS questionnaires

# Group Work Questions

---

- **Regularity in submitting data to UIS in last 5 years (QA, QB and QC) / SDG 4 and education expenditure templates**
- **Which questionnaire do you think most often your country submit and which one you don't?**
- **What are the key issues that country is facing to submit or difficult to submit data**
  - Data are not collected ?
  - Focal person(s) need additional capacity building to fill up the questionnaires ?
  - No clear data sources or departments in-charge of certain data, do not provide data
  - Not used at the national level
  - Etc.
- **How do you suggest to improve the situation for timely and quality data submission?**
  - Suggestions for MOE / data producing agency
  - Suggestions to UIS/UNESCO
